SUMMARY

Self-driven Frontend Developer with a strong foundation in HTML, CSS, JavaScript, and modern frameworks including React.js, Next.js, and TypeScript. Experienced in building and deploying real-world projects from dynamic UIs with Tailwind CSS to API-connected React applications with a focus on clean code and great user experience. Currently pursuing Diploma in Textile Engineering while actively advancing frontend skills through practical development. Eager to bring energy, curiosity, and growing technical ability to a Frontend Internship and contribute to a collaborative team environment.
